

# Accessing **Premium** Content in eMedia Alpine School District

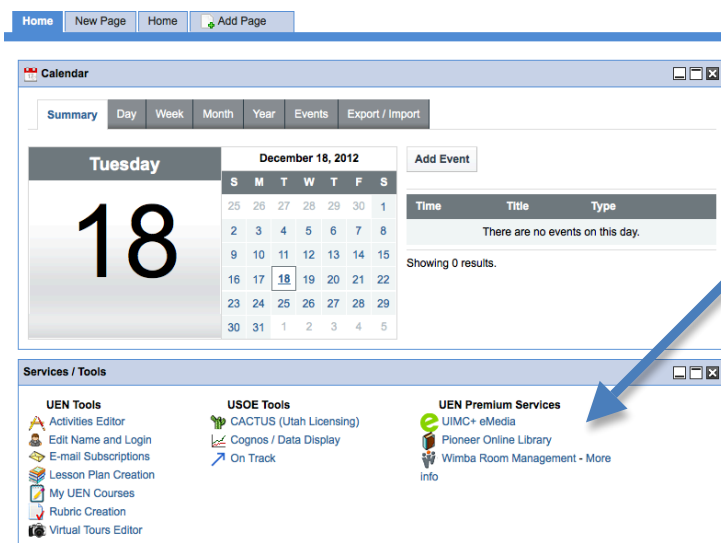

eMedia is a large collection (over 19,000 resources!) of video and other educational media free for Utah's educators. eMedia allows you to search for content, preview it and then download the media for on demand use. It is part of the Pioneer Online Library collection of resources. Some Utah school districts, including ASD, have purchased the rights to access additional **premium** streaming content such as **Bill Nye the Science Guy, Magic School Bus, and Weston Woods (animated popular picture books)**.

To use the premium eMedia content, it is necessary for teachers to access the content via their My.UEN account.

1. Go to My.UEN (<http://my.uen.org>)

2. Login to My.UEN (You can create a new account or follow directions if you forgot your login.)
3. On your Personal Page, under “**Services/Tools**”, click on UIMC+eMedia. You will be able to access the extra materials that Alpine School District has purchased through the Utah Instructional Media Consortium (UIMC).

4. In order to be able to view this additional content, your UEN account must contain a verified district email address. For information about creating a UEN account or for help in making sure you have a verified account, visit <http://www.uen.org/my.uen/help/started.shtml>.

**This will be your new portal for accessing all eMedia available—both regular eMedia and **premium** content.**
